CHINTHALA MUNISEKHAR

MOVIE ANALYSIS #SQL

CONTENTS

1 Introduction

From Marvel Studios superheroes to Hombale Films blockbusters, from the glam of Bollywood to the scale of Hollywood, and even the charm of Telugu and Hindi cinema — this project dives into a cinematic universe of data. Using SQL, I've written the scripts to uncover box office trends, studio performances, language dominance, and industry insights, transforming raw movie records into a blockbuster story of analytics.

RETRIVE FUNCTIONS

	Q1	print all movie titles and release year for all marvel studios movies ?

```
1 •   select title , release_year from movies
2     where studio = "Marvel Studios";
```

title	release_year
Doctor Strange in the Multiverse of Madness	2022
Thor: The Dark World	2013
Thor: Ragnarok	2017
Thor: Love and Thunder	2022
Avengers: Endgame	2019
Avengers: Infinity War	2018
Captain America: The First Avenger	2011
Captain America: The Winter Soldier	2014

RETRIVE FUNCTIONS

	Q2	print all movies that have Avenger in their name ?

```
1 •   select * from movies
2     where title like '%Avenger%';
```

movie_id	title	industry	release_year	imdb_rating	studio	language_id
125	Avengers: Endgame	Hollywood	2019	8.4	Marvel Studios	5
126	Avengers: Infinity War	Hollywood	2018	8.4	Marvel Studios	5
137	Captain America: The First Avenger	Hollywood	2011	6.9	Marvel Studios	5
NULL	NULL	NULL	NULL	NULL	NULL	NULL

RETRIVE FUNCTIONS

	Q3	print the year in which “The Godfather” movie was released ?

```
select release_year from movies
where title =  'The Godfather';
```

release_year
1972

RETRIVE FUNCTIONS

	Q4	print all distinct movie studios on Bollywood industry?

```
select distinct studio  from movies
where industry = "Bollywood" ;
```

studio
Hombale Films
United Producers
Yash Raj Films
Vinod Chopra Films
Dharma Productions
Government of West Bengal
Vinod Chopra Productions
Mythri Movie Makers
DVV Entertainment
Arka Media Works
Zee Studios
Salman Khan Films

SUMMARY & ANALYTICS

	Q5 & Q6	count of movies released between 2015 and 2022 & Print the max and min movie release year?

```
select
      count(*)
from movies
where release_year
between 2015 and 2022
```

Result Grid

	count(*)
▶	16

```
select
   min(release_year) as min_year,
   max(release_year) as max_year
from movies
```

Result Grid | Filter Rows:

	min_year	max_year
▶	1946	2022

SUMMARY

	Q7	print a year and how many movies were released in that year starting with latest year ?

```sql
select release_year, count(*) as movies_count
from movies
group by release_year
order by release_year desc
```

Result Grid | Filter Rows:

release_year	movies_count
2022	5
2021	2
2019	2
2018	3
2017	1
2015	3
2014	3
2013	1
2011	1
2010	1
2009	2
2008	1
2007	1
2006	1
2003	1

CONCLUSION

This project proved that SQL is more than just a technical skill — it's a storytelling tool. By exploring data from Marvel Studios, Hombale Films, Bollywood, Hollywood, Telugu, and Hindi cinema, I transformed scattered movie and financial records into clear, actionable insights. From basic lookups to advanced joins and CTEs, each query was a step in turning raw facts into meaningful narratives. Just like a great film, the success lies in the perfect combination of creativity, structure, and execution — and SQL delivered the final cut.
